.....

Ever come across an injured or abandoned animal and not sure what to do? Check out our profile on page 6-7 to learn more.

### Your CCA Board

.....

Volunteering within your community is a wonderful way to meet people, stay connected, and give back! Consider donating a few hours of your time to the CCA; on the Board or helping out with a committee.

### Social Media

.....

Check out our new CCA social media platforms. Follow us, share with us, #hashtag us and post along. All handles listed on page 2 under the Communications Update.

Next edition will follow mid-fall.

### President's Message: *Bob Snider*

For many, the long weekend in May is the traditional cottage opening weekend and marks the beginning of summer. For the bit more adventurous, the cottage season started with the ice going out in March, and for yet others, cottage season does not start until school is out. Whatever your tradition, I am sure that like us, it begins with the trepidation that surrounds the first trip to the cottage and what might be found – a mouse nest in the kitchen cupboards or worse the linen closet, a signature tree that has come down over the winter, a new leak in an old roof or a dock that was securely tied to the shore in the fall but is now gone missing. But isn't that part of the definition of cottaging, a new adventure every year.

Of course, the adventure part not only includes the surprises we find on the first trip out but also the activities that will take place over the summer with family and friends. It would be my hope that you will find time to take in one or more of the activities this summer that are organized by members and take place in our community. Events like Regatta, Art on the Rocks and the Long Distance Swim, and activities put on by the Rec Program. It is all listed on the enclosed calendar and on the website.

This year as President, I find myself with the added activity of planning for the AGM which will be held on July 8<sup>th</sup>, 2017. While the business part of the meeting will remain unchanged, we are looking for ways to use the meeting to bring in a social component as well as educational speakers. More will follow on our guest speakers as these plans are

## Help Wanted: 2018 Regatta Chair

.....

For over 90 years the Regatta and Long Distance Swim have been the opportunity each summer for Cognasheners of all ages to gather, socialize and compete in an assortment of water sports. The Regatta Chair has the satisfaction of seeing it all come together. Jacqueline Limoges is coordinating these events again for 2017, but the CCA needs a replacement by 2018 as her term is ending. By volunteering now, you have the opportunity to orient with Jacqueline during the spring and summer of 2017.

If you have an interest in this rewarding opportunity, please contact Jacqueline Limoges, Regatta Chair at [jlimoges@rogers.com](mailto:jlimoges@rogers.com)

are finalized.

The AGM will be marked with the retirement from the Board of several Directors and the following positions will need to be filled, Secretary, Director of Membership and Director of Communications aka Webmaster. Kim Hume has kept our notes and records straight as Secretary, Chris Hawley has led Membership with welcome packages and now a program to introduce the CCA to non-members and Brian Neely as co-Director of Communications has made a significant contribution to our online capabilities and the development of the winter patrol app. Each of these Board roles will need to be filled to continue to keep the CCA running, growing in membership and engaging the membership through our communication vehicles. If you or a family member would like to discuss any of these opportunities please reach out to Ian Davis, [pastpresident@cognashen.com](mailto:pastpresident@cognashen.com) or me [president@cognashene.com](mailto:president@cognashene.com).

Hope to see you on the Bay and at the AGM.

## Communications Update: *Laura Adams*

We are amping up our social media reach with newly launched accounts on several platforms. Please follow us on Instagram and feel free to #hashtag us on your posts so that we can share your fabulous photos and smile-worthy moments. We've also started a Twitter account; a wonderful vehicle for important information. Cognashene has several Facebook pages however we have one now that will be the official CCA voice, which anyone can like or follow. Please note that this is an open group. Below are the links:

Facebook:

<https://www.facebook.com/Cognashene-Cottagers-216043372202353/>

Instagram:

<https://www.instagram.com/cognashenecottagers/>

Twitter:

<https://twitter.com/CogCottagerAssn>

Whoever thought island cottaging was remote and isolated has clearly never met our Cognashene community!

## Volunteering: *Bob Snider & Ian Davis*

***"The price of anything is the amount of life you exchange for it" David Henry Thoreau***

Volunteering has many rewards on many levels... the satisfaction of taking on a challenge and achieving a goal, making a difference for the better for someone else or meeting others in our community and becoming friends.

With the departure from our Board in July of two members who have given freely of their time and the creation of a new Board position we are looking to fill at the July 8th AGM the Secretary, Director of Membership and newly created Director of Community Events and Membership Engagement positions (descriptions below). Each of these roles will have their own challenges and rewards as well as provide the opportunity to participate in broader issues that come before the Board.

If you or a family member over the age of 18 are interested in filling one of these positions please reach out to Ian Davis, Past President at [pastpresident@cognashene.com](mailto:pastpresident@cognashene.com).

Get Involved In Your Association!

### **Secretary**

- Prepare and maintain Association records and minutes
- Record, distribute and seek Board approval of meeting minutes and action items
- Actively participate in Board discussions

### **Director of Membership**

- Promote to members and nonmembers the benefits of CCA membership and facilitate the joining and renewal processes
- Maintain and report on key metrics such as renewal numbers, lost members and new members
- Coordinate the annual membership renewal process with the Director of Communications and the Treasurer
- Facilitate the new member sign up process and welcome new members
- Maintain the map data and co-ordinate the periodic printing and distribution of the membership map
- Follow up with lost members and encourage renewal prior to Association deadlines
- Promote CCA membership benefits among nonmembers

### **Director of Community Events and Membership Engagement**

- Act as the Board link to community events such as Regatta, Art on the Rocks, Long Distance Swim and the sailing regatta and engage the membership through the creation of new events and/or activities
- Investigate, recommend and foster new or additional activities within the community
- Ensure continuity of leadership of current and new activities
- Recommend CCA financial support as and where needed
- Assist with obtaining the human resources needed to run various events including the inclusion of the community's youth and new members
- Ensure that there is adequate promotion of events by eblast, in the newsletter, on the website and social media sites

## Recreation Report: *Cheri Wilson & Robyn Corbiere*

Hello Beach Families!

The year has flown by and luckily for us cottagers, summer is just around the corner. The CCA Summer 2017 Staff have been working hard to plan ahead for another fantastic season on Arthur Island. If you haven't had a chance to sign up for the summer program please do so. You can still register through our Facebook page (Cognashene Recreation Program) or the CCA website, under the Recreation tab. The direct link is [http://www.cognashene.com/rec\\_program\\_register.html](http://www.cognashene.com/rec_program_register.html) Please be sure to sign up soon as the early bird registration discount ends on June 1<sup>st</sup>. Registering your child ahead of time allows us to staff the beach accordingly and plan proper programming for the children. We are encouraging as much online registration as possible. Our program schedule is almost identical to last year.

A paper copy of the Summer 2017 Recreation Program has been made available to you in this package of information. Posting it up on your fridge for the summer is a great way to know what is going on in the program. A weekly schedule will be posted digitally on our Facebook page to keep parents informed of any changes and/or new information. You will also be able to stay connected with the staff that way. We plan on using social media (Facebook and Twitter) as a tool for families in hope that everyone can stay in the loop throughout the summer so please continue to monitor these pages for updates. Decisions for weather related cancellations will also be posted there.

The beach clean-up is scheduled for Monday July 3<sup>rd</sup> @ 9:00 am followed by our official start to the season at 10:00 am for swim lessons. Please feel free to come by with a rake and a coffee in hand. It will be a great opportunity to help get things ready to go for the summer and a chance to say hello after a long winter to both staff and parents. Questions about the program can also be answered then. Please remember that the beach can get busy quite easily and we ask that you try and bring a smaller boat to the beach. Boat pooling to the program also allows for less congestion on the beach and more of a play area for the kids.

Our summer 2017 staff includes: Molly Giroux as head of the program, Nikki Culter, Haley Walker, Kristen Duguay and Will Yeigh as our Instructors as well as Nick Lash, Anna Limoges, Lily Russell, Lauren Cutler and Lily Chubaty as our assistant instructors. We are very excited about both our returning and new staff members.

We are looking forward to another fun filled, warm summer. Only a little while now....

## Rec Program Head Welcome: *Molly Giroux*

Hello Cottagers!

Another winter has come and gone and it's now time for everyone's favourite time of the year, cottage season! I am extremely excited to be back at the beach for another summer of fun in the sun! Although I was a camper for most of my life and a staff member for 4, I am honoured to be running the Program for this summer! Our wonderful returning staff, Nikki Cutler, Haley Walker, and Will Yeigh join me in welcoming our new staff, which include some new and old faces. Lauren Cutler and Anna Limoges join the team after many years at the beach, and welcome new instructors Nick Lash and Kirsten Duguay! Along with our wonderful staff we will be offering volunteer positions this summer for anyone wanting to help out around the beach! Volunteering is a great way to meet new kids on the beach, develop your skills as a role model and gain a sense of staff responsibility! Volunteers will be divided among levels, working alongside instructors to gain a better understanding of how levels are taught. They will also help with Cog Kinders and beach activities to ensure all camp activities run smoothly! Volunteers have been a staple in the program and have contributed greatly to the success of the beach!

We will continue to offer Red Cross Swim Programming as used in the past! Red Cross swim levels are offered from Parent and Tot up to level 10. For those wishing to advance their Red Cross certification, we will also be offering the Bronze levels, which are geared toward lifesaving and water safety. As Head of the Program, my role within swimming levels will be largely on an advisory basis. That being said, we have many new staff that may need help within levels, which is why I'm allowing myself to be flexible. I will also be available on the beach for any parent who may be concerned with their child's swimming ability or not sure what level to put them in. In this case, I will be available to evaluate swimmers before putting them into levels. Swimming lessons run Monday, Wednesday and Friday Mornings, times are specific to your child's levels and will be posted on the Facebook page and beach bulletin board.

In addition to swimming lessons, the beach will continue to offer other camp programs such as YPOC, Camp Cog, Water Sports and Kinders. This summer YPOC will be run similar to other years, with the staff taking campers to locations around the Bay such as Giants Tomb, The Lizard, Artist Island, McCrae Lake and Beausoleil Island. Camp Cog campers are invited to partake in fun themed activities; new each week! These themes will be posted on the Facebook page and bulletin board prior to the beginning of summer to allow parents to get creative! Kids are welcome to dress up for theme days and will engage in fun activities geared towards each day's theme!

Cog Kinders will be running again this summer on Thursdays at the church in the Freddy Channel. Kinders is a morning all about the little guys and has been adapted to fit all needs of campers to ensure a fun filled morning of learning. Kinders will enjoy craft time, games, story time, nature walks and finally snack time! We hope this approach to Kinders will allow all kids to feel included as well as open up the range of activities available! Water Sports will be taking place Wednesday afternoon at the beach. Water Sports is geared toward skills development in Sailing, Canoeing and Kayaking. Campers are welcome to pick from an activity, weather permitting, and will also have the opportunity for water activities such as water polo and swimming.

This summer, canoe trip dates are, Senior Canoe Trip July 26-27<sup>th</sup> and the Junior Canoe Trip August 16-17<sup>th</sup>! Additional activities such as Honey Harbour Day camp trip, Beausoleil Island and Guest visitors will be posted closer to the summer months!

**This summer's beach cleanup will be happening on Monday July 3<sup>rd</sup> at 9:00am!** Please bring any rakes, shovels and other tools to help clean up the beach! Any help is greatly appreciated and will allow us to keep the beach nice and clean for all programming!

Finally, I'd like to say thank you to all the parents, and to the Church committee for allowing us to use the facilities and for their help ensuring the program runs smoothly! The Rec Program is a staple in the Cognashene community and would not function without the help of so many wonderful people! For any questions regarding the Rec Program please feel free to contact me at [girouxmolly1998@hotmail.com](mailto:girouxmolly1998@hotmail.com) or by cell/txt at 416-902-1430. If you have any comments, concerns or feedback please don't hesitate to contact me, as well, you can keep up to date on all things going on at the beach through our social media. Our Facebook page is "Cognashene Recreation Program" as well we have a twitter and Instagram full of updates and pictures @CCARecProgram

The Staff and I look forward to seeing you all and another great summer with some sunny weather!

---

## Aspen Valley Wildlife Sanctuary: *Did you know?*

Aspen Valley Wildlife Sanctuary is located on 470 acres just outside Rosseau, Ontario. The sanctuary was founded in 1972 and has been a registered non-profit charity since 1988. Aspen Valley specializes in the rescue, rehabilitation and release of wild animals in need. The sanctuary also provides a permanent home to native animals that cannot be released back into the wild. These permanent residents are often rescues from captive situations and are habituated.

Aspen Valley's work is entirely possible due to the generosity of our donors. We receive no government funding.

Rehabilitating and releasing orphaned and injured animals back into the wild provides individuals with a second chance at life. This, in turn, helps to maintain population numbers and biodiversity. Our staff and volunteers are trained to care for wild animals according to strict protocols that ensure the safety of both the animals and their caregivers, and that animals maintain their natural fear of humans.

Very young animals are provided with specialized formula that meets their nutritional needs. Once they are weaned, animals are provided with natural foods, to ensure proper nutrition and to teach them what kinds of food to look for after they are released.

Aspen Valley has indoor nursery facilities for young animals and injured animals requiring close supervision. Once animals are old or well enough, they are transferred to diverse outdoor enclosures, where they can develop their survival skills in a safe and spacious natural environment. Animals are released back into the wild near the location where they were found.

Any that are too small or young to be released in the fall are overwintered at the sanctuary and released in the spring.

In addition to its work as a wildlife rehabilitation facility, Aspen Valley provides sanctuary to a number of native animals that are ex-pets, former zoo animals and animals with human-inflicted disabilities. These animals are too familiar with and dependent upon humans to survive in the wild. Permanent residents are provided with appropriate food and spacious, diverse, natural enclosures that meet their nutritional, behavioural, privacy and enrichment needs.

Most of the wild animals that come into our care are orphaned or injured as a result of interactions with humans. Part of Aspen Valley's mandate is to educate the public about how humans can peacefully coexist with our wild neighbours. We do this through the media, our website and social media pages, educational publications, speaking appearances and one-on-one consultations. We also strive to mitigate conflict between humans and wildlife through education. This is accomplished through giving talks to many school classes, service groups, cottager associations, and seniors throughout the region. We also have displays at various venues including the Cottage Life Show in Toronto. As well we discuss individual wildlife situations with the general public who call in for advice.

Our sanctuary's values are based on the best interests of wildlife. We do not believe in taking wildlife out for display or talks as this portrays wildlife in an unnatural and stressful environment. Wildlife should be wild and this is our philosophy, so our resident animals can be viewed in large natural enclosures.

We take pride in providing individualized care with integrity, excellence, dedication, commitment and respect. Aspen Valley offers private tours of the grounds and permanent residents, for a minimum donation of \$30 for groups of 1-2 people and \$10 for each additional person. (Children under 3 are free). Tours must be booked in advance by calling 705-732-6368.

In 2017, we also have open houses scheduled, from noon to 3 p.m., on the following dates: July 2nd, August 6th and September 3rd. Admission is by donation, and there is no minimum amount.

Website: <http://www.aspenvalley.ca/>

Facebook: <https://www.facebook.com/AspenValleyWildlifeSanctuary/>

Twitter: <https://twitter.com/AspenValleyWS>

## Cognashene Community Church: *Caroline Coulson*

This summer will be the Cognashene Community Church's 111th anniversary, and we are all very excited to welcome cottagers back to the Church on the Rocks. In addition to our usual thought-provoking and warm services delivered by a full roster of ministers, we have a number of exciting events planned:

- We will be back at Art on the Rocks with our Church Bake Sale. Lots of delicious, homemade goodies will be for sale.
- Our second annual food drive will be on Sunday, August 27th. Even if you don't plan to attend Church that Sunday, you are more than welcome to drop off your non-perishable donations on the docks before the service.
- We are also hoping to plan a Church social – a time for cottagers to gather outside of our usual Sunday setting to enjoy fellowship. More details to come.

Our roster of ministers will be distributed with The Cottager soon, thanks to the Cognashene Cottagers' Association. We hope that you and your loved ones will join us for services. During each Sunday sermon, the kids will gather on the deck to create unique crafts. This year's planned crafts include "colour your own backpacks", magnifying telescopes, and suncatchers. The kids love the craft time and parents/grandparents enjoy the quieter setting in which they can listen to the sermon.

Last year, through the generosity of our congregation, the Cognashene Community Church was able to donate \$5,000 to local charities:

- \$2,000 was donated to the Trauma Unit at Georgian Bay Hospital in Midland for equipment purchases and to update technology in medical devices;
- \$1,500 was donated to the Coldwater Food Bank (which services Honey Harbour) to help restock their shelves;
- and \$1,500 was donated to the Midland Salvation Army to support the social services they provide in our area (e.g. hunger relief, housing and homelessness, etc.).

We look forward to seeing you this summer at The Church on the Rocks!

Caroline Coulson  
President, Cognashene Community Church

## Municipal Affairs Report: *Steven Jarvis*

**MACEY BAY** – the development proposal for Macey Bay has been given the go ahead by the OMB however, there are some very stringent conditions that must be addressed first. For more complete information please follow this link: <http://www.gbtownship.ca/content/macey-bay-information-0>. We will continue to monitor developments and provide updates.

**SUCCESS!!** On April 26, the Trillium Lakes School Board followed recommendations from the Accommodation Review regarding the suggested closing of Honey Harbour Public School and chose a moratorium of 5 years before possibly addressing the issue again. So, the public school will stay for now. Unfortunately, Our Lady of Mercy is closing as of June this year, current students will presumably be bussed to Antoine Daniel Catholic Elementary School in Victoria Harbour starting in September 2017. It should be noted that there was a concerted effort from the community and several cottage associations including the CCA on the Honey Harbour P. S. issue and all should be congratulated. The closing of rural schools is priority item now for the Provincial Government as enrolment drops, but the importance of such infrastructure remains very strong.

**INTEGRITY COMMISSIONER** Councillor Pat Edwards was investigated by the Integrity Commissioner regarding his

conduct at some Council Meetings. The results of the investigation can be found via this link: <https://webmail.bell.net/appsuite/api/mail/Township%20of%20Georgian%20Bay%20Code%20of%20Conduct%20Final%20Report%20May%208%252c%202017%20Council%20meeting%20Final-signed.pdf?action=attachment&folder=default0%2FINBOX&id=133692&attachment=3&delivery=view>

The report is exhaustive in many respects with the Commissioner's Recommendations on page 26. According to last month's Council minutes, there will be a FINAL REPORT from the Commissioner, but no date for this has been provided.

There are also two actions that have been brought to the attention of the Integrity Commissioner regarding Councillors, Wianko, Bochek, Kay, Douglas and Mayor Braid. To suggest that we have a somewhat fractious Municipal Council would be an understatement.

### **Note from our Municipal Clerk, Jessica Gunby**

The Province has announced an online survey and public meetings to gather feedback on education and school usage in rural communities. Further information is available here: <https://www.ontario.ca/page/consultation-ontarios-rural-education-strategy>, including how to submit feedback before June 9, 2017.

## CCA Phrag Busters 2017: *Sandy Thompson*

Our approach to continuing the battle on Phrag in 2017 will be very similar to last summer. We will ask everyone to monitor their shorelines, talk to your friends and neighbours about Phrag and to cut the Phrag later in the summer. There will be more details on all of this as we approach the summer and we are hoping to arrange another Phrag education day as we did in June last year. The CCA Phrag cutter is available to be borrowed again this year. Please contact Val Thompson to sign it out this summer.

One addition to this year will be having students on the water helping with all aspects of our battle. You have hopefully seen the ad that was sent out and we have some good candidates. The primary goal of the student Phrag ambassadors will be to assist with a full mapping of Cognashene and with education. They will be stopping at all docks in areas where there is Phrag, including non-members to be sure that everyone is aware of how to distinguish the good from the bad and how to address it at the right time. The student ambassadors will be available to help with large cuts during the summer, but their main role is not to be the community weed cutters.

As always, please reach out with questions or comments.

---

## Help the Monarch butterflies: *Plant Milkweed*

### WHY MILKWEED?

Monarch butterflies ONLY lay their eggs on milkweed and the monarch caterpillars eat their leaves. No milkweed, no monarchs! Milkweed has been devastated across North America due to our agricultural practices. As a result, so has the Monarch butterfly population! We need everyone to plant milkweed so the monarch butterflies can survive. The Stephen Lewis Foundation grandmothers are selling milkweed in June to help the monarch butterflies and support the grandmothers in Africa dealing with the ongoing AIDS crisis.

PRICE: 2 milkweed plants for \$15 (cash)

LOCATION: St Timothy's Church, 100 Old Orchard Grove, Toronto

The pick up dates will be in June. Please email [jane@minett.com](mailto:jane@minett.com) if you are interested, and I'll let you know the pickup dates and times.

## Ticks and Powassan Virus: *Sandy Thompson*

We all know that there are more ticks in Southern Ontario and moving into Central Ontario these days. And we have talked about Lyme disease. Knowing the signs and symptoms and being an advocate for yourself with your doctor is important as it is difficult to diagnose, but early diagnosis is so important for effective treatment.

Here is the next thing to know: **Powassan virus**. It is also a tick borne disease and while more rare, it's symptoms are much more severe. Symptoms include fever, headache, vomiting, weakness, confusion, seizures, and memory loss. Long-term neurologic problems may occur. Outward signs may include trouble speaking, confusion and lack of co-ordination.

There have only been 25 cases in Canada since the 1950s but as there are no specific symptoms, it is hard to diagnose.

The best way to avoid illness is to avoid being bitten:

- Wear long pants
- Use insect repellent
- Checking your entire body for ticks after time spent in wooded areas
- Check your pets for ticks
- Carefully remove any you find as soon as possible
- For those in rural areas, keep grass on your property short and rake up leaves
- If you develop an unexplained fever and a headache after time in the woods, see your doctor

## The 28<sup>th</sup> Cognashene Long Distance Swim and 92<sup>nd</sup> Regatta are just weeks away! *Jacqueline Limoges*

The long distance swim starts at 1pm on July 29, 2017 from Val and Rob Thompson's dock. The David Hopper and John Visser dock is the turn-around point or final destination. This is a rain or shine event and is only rescheduled if there is lightening.

The names of all swimmers and the cottage with the highest number of crossings are recorded in the Cottager for posterity. Everyone receives a participation ribbon too! You might want to start training and recruiting now!

There is only one rule for the Long Distance Swim: Every swimmer must be accompanied by a person (of suitable strength to lend a hand should the need arise) in a non-motorized watercraft. Swimmers can use any form of flotation. Everyone is welcome so bring your cottage guests. The Long Distance Swim is not a race! If you want to race, come to the Regatta the following Saturday!

The Regatta is on Saturday August 5 starting at 12:30 at Townsend Island (Davis, Kohler and Endress cottages). The competitions for the Girls' and Boys' Trophies are only open to CCA members, but nonmembers can compete for ribbons. All events are open to the community, including the Novelty races!

The Amazing Cognashene Raffle also happens at the Regatta. The proceeds from the raffle offset the cost of the Regatta and the Recreation Program. Donations to the raffle are always welcome. You can use your donated raffle item to promote your business or to contribute to the raffle fun. If you have a raffle donation or would like to volunteer for the regatta, please contact Jacqueline Limoges: [jlimoges@rogers.com](mailto:jlimoges@rogers.com)

## Classified Ads & Cottage Rentals

### Cottage Sailboats for Sale

Laser 1, Albacore w/trailer, Invitation, Caprice, BlueJay and 17 O'Day; all complete ready to sail.  
\$750-\$1850.

Parts and sails available.

Please contact Jim Handley 705-534-4050  
anytime after April 10th or at the cottage  
705-756-3770 after June 1.

### Whiskey Half-Barrels

Ideal for flower planting  
available from my dock commencing  
May 24 weekend at \$15 each.  
All in excellent condition, some never  
been used.

To reserve call  
Dave Winlo @ 416-723-4321

**DOCK FOR SALE:** 40' x 8' floating dock, approximately 15 years old and in good condition  
Asking \$1,500 and float away! Please contact: cwebb0612@sympatico.ca

### 20' Hudson Rowing Scull for Sale

which includes carbon fibre oars...royal blue,  
good condition. \$1000

Call Michael Lawrance @ 416-526-0976

### 16 foot Albacore for Sale

available mid-June

Call Aileen Carroll 705-734-1616

### Power Wheel Barrow with 10 cubic foot hopper \$2500. or best offer.

Practically new commercial grade battery powered wheel barrow:  
completely electric, emits no fumes, virtually no noise with power dump. It  
keeps its charge for an entire day (7-10 hours) and operates from about 0  
to 2.4 mph both forward and reverse. When the brake is engaged, the cart  
will hold on an incline. There is no maintenance required...no oil changes,  
no replacing chains or belts.

Please call Barbara Cram-Crabtree @1-215-530-0602 or email  
[cbarb@gmail.com](mailto:cbarb@gmail.com)

*Honey Harbour: A tasty destination...support local!*

#### **Thrive Foods Café & Marketplace**

*Our little shop just got a little bit bigger!*

Grass doesn't grow under our feet at [Thrive Foods Café](#) and because of this we have spent the spring expanding and renovating our little shop inside and out. So many new items and services to make your 2017 cottage season more enjoyable and stress free! Visit us starting Friday May 19 (pre-order your weekend supplies) to see how one little store can have such a delicious impact on your cottage experience.

New for this summer:

- Fresh Ontario Produce at our new Market Bunkie Stand
- Fresh Fish & Frozen Seafood
- BBQ Rib Fridays
- More giftware
- More prepared meals
- Same great service

Visit us online [www.thrivefoodscafe.com](http://www.thrivefoodscafe.com) for our hours and to learn more about our services. Don't forget Thrive's owner, Nadine Hughes continues to offer exceptional cottage catering ([www.nadinehughes.com](http://www.nadinehughes.com)) from small platters to large island weddings. Call her at 905-580-5191 or email directly [nadine@nadinehughes.com](mailto:nadine@nadinehughes.com)

#### **Chive at the Hive**

We are happy to announce the return of Ciboulette at the Hive (otherwise known as Chive At The Hive). We are excited for this new season and hope you are as well! Very happy to tell you that you can expect to see more great offerings this summer. Our grand opening will be the Victoria Day long weekend, and we plan on making this one lots of fun with tastings and potentially a weekend lunch special! Also very excited to announce that Belly Ice Cream will be available by the scoop! You heard right! Ice cream will now be served every day this season. You can also expect to see half gallon and litre jars of milk from local dairy farmers for sale. It's going to be a great summer and we hope you are as excited as we are!

Remember folks, if you place an order with our Midland location, you can always request for it to be sent to the Chive At The Hive and of course, vice versa. See you on the water!
